

Psychedelic Celery Experiment!

You will need

clear glasses, water, food coloring and celery stalks.

Directions

- Fill up clear glasses ½ way with water and add the food coloring of your choice.
- Add celery stalks to water mixture and let sit for a few hours or over night and see the celery change colors!

Parental supervision is suggested.

Tie Dyed Rice Cereal Treats

You will need

Rice cereal treats (or for more fun make your own!), vanilla syrup, gel food coloring of your choice (Recommend yellow, red, green and blue)

Directions

- Pour vanilla syrup in a shallow dish, then in different sections add one drop of each color of food coloring you would like.
- Dip treats and enjoy!

Parental supervision is suggested.
