

I SPY SOLAR SYSTEM FILE FOLDER GAME

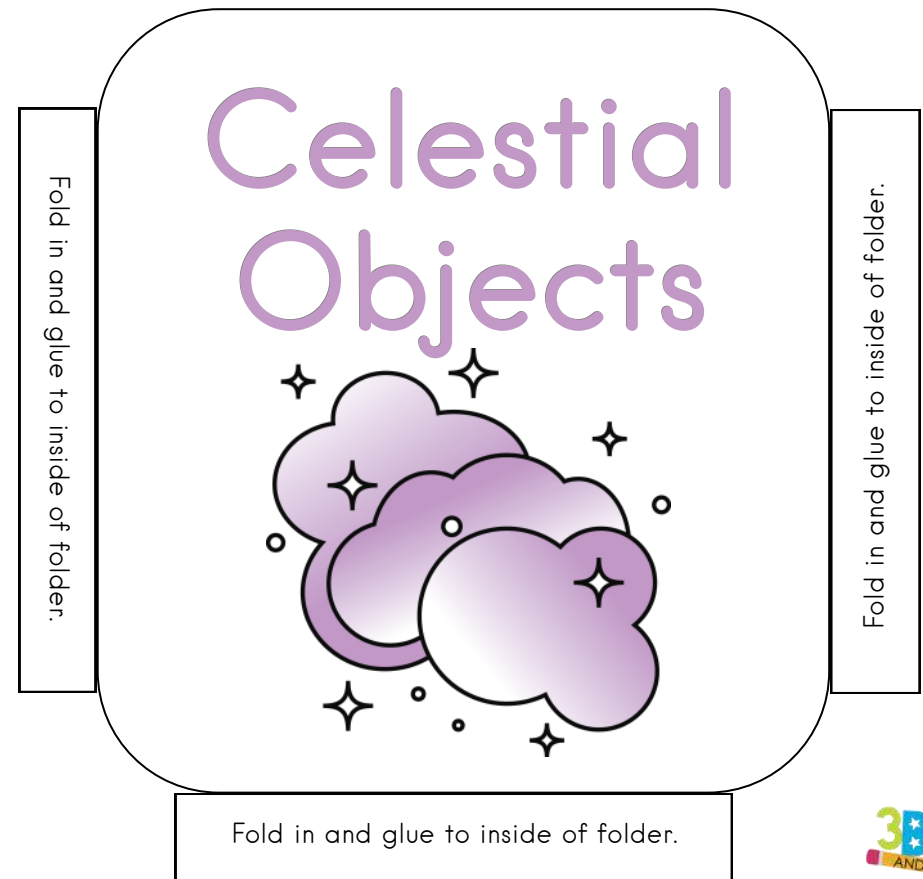

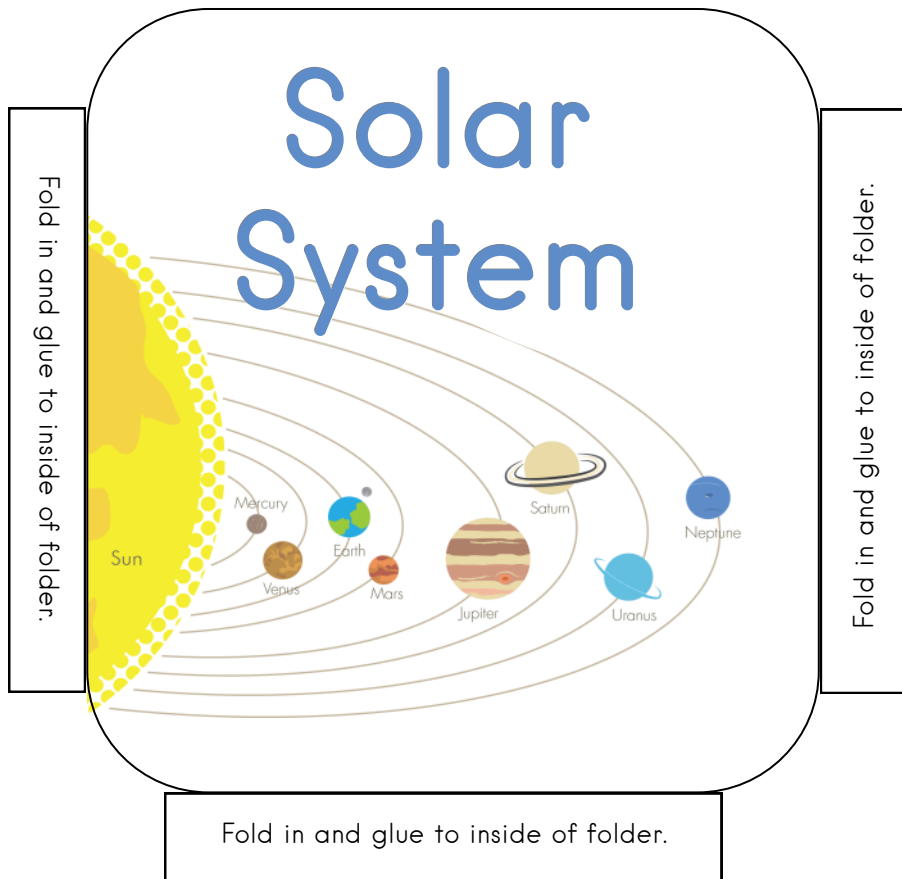

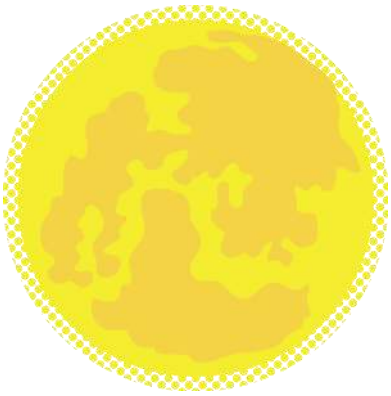

SOLAR SYSTEM FIND & SORT

1. Glue the cover image of the solar system to the front of your file folder.
2. Cut out the name plate above, and pockets below, fold in the tabs, and glue to the inside of your folder.
3. Cut out each of the cards. Let the child become familiar with the cards, there are 16 in all.
4. Hide the cards so the child seeks them, and then sorts them into the proper folder.

Planets, sun, and moon, in the solar pocket and the other cards in the celestial objects pocket.

Note: Printing on card stock will allow the cards to last longer.
